Gilead Sciences, Inc.

Dear Sir/Madam,

Allow me to extend my deepest gratitude to Gilead Science Inc. for continued support and fruitful collaboration, which entailed unprecedented initiative - Hepatitis C Elimination Program in Georgia. With dedicated efforts and valuable support of the Gilead Science Inc. HCV diagnostics and treatment with latest drugs became accessible to Georgian population and HCV burden in our country is gradually being eliminated.

As you are aware, under the National Hepatitis C Elimination program, due to treatment cancelations, patient deaths and other reasons, there are two different drugs (Sovaldi-16834 tablets and Harvoni-205003 tablets) on balance of LEPL Social Service Agency, which were not utilized. The drugs belong to a category of “expired/unusable” and are subject of disposal in accordance with the laws of Georgia.

We would be grateful if you could provide any recommendations or additional instructions on the above mentioned subject.

Thank you in advance.

Sincerely yours,

First Deputy Minister
